Enhancements

CRM

- **Enhanced User experience within CRM drop down menus, expanded text area fields, and clearer action button views.**

Use Case: Previously, misaligned cells and/or unintentionally hidden text in cells made viewing data challenging in certain circumstances. With these formatting enhancements, easily and cleanly view data, expand text box sizes (by dragging and dropping corner), and see all action buttons in a cell with the auto-expansion feature added to display width appropriately based on content.

Role Security - Button Text

- **Enhanced User experience by updating the Return Results button text to Save Changes, when assigning Role Security.**

Use Case: Previously, when changing role security, it was not clear how to save changes. Now, easily save changes to edits made in role security by clicking the newly designated Save Changes button.

Grant Role to Site Users

Search by Last Name, Member #, or Email

Available Users

- Carr, Judith H.
- Carr, Katya
- Carr, Matthew
- Carr, Michael
- Carr, Nancy E.
- Carr, Nicholas
- Carr, Patricia C.
- Carr, Sally
- Carr, Samuel
- Carr, Scott

Selected Users

- API, Golf Genius
- APIAdmin
- Carr, Jason
- Demo 1
- Trigg, Jake
- Wolf, Charles B.

Tee Times - Transportation Preferences

- **Enhanced Member booking experience by allowing Transportation Preferences to be set in the Member profile and applied when using the App or viewing on Mobile.**

Use Case: Previously, Transportation Preferences could be set in the Member's profile and would work when booking items on the full Website, but would not apply to the Mobile experience. Now, for Members who have saved their Transportation Preferences, they will also apply to Tee Times booked via Mobile.

Please Note: Users must have the **Remember Player Option Preferences** setting checked in Global Settings for this feature to function properly, as seen below. Members must also have their default preferences saved in the Member Profile in order for the settings to carry over.

Administration	Configuration
Proshop Dashboard	
Special Events	
Lottery Manager	
Manage Custom Starts	
Handicapping	>
Caddy Management	>
Guest Manager

Bug Fixes

- Fixed an issue with Shotgun Tee Times on Mobile where an error would occur when clicking an event time.
